All-In-One Stair Tread Solution

Finally! An intelligent solution to finish stairs professionally.

100% Waterproof

A high quality WPC core guarantees no warping, swelling, or rippling from exposure to liquids.

Contemporary Square Edge Style

The clean lines of this square edge speak of elegance, luxury and timeless design.

Reduces Expensive Subfloor Modifications

Our stair treads install quickly and provide a perfect finish every time. Put an end to stair finishing options that require on-site retrofitting by a skilled carpenter.

Dent & Scratch Resistant

Each tread is protected by a 12mil commercial grade wear layer that preserves the finished look for years to come.

Clean & Consistent Finish

Every step will be beautifully seamless. Say goodbye to the patchwork look of mismatched moldings and planks from step to step!
